OUR EXPERIENCE

UNITED NATIONS AFRICA

With running logistics support operations in the Central African Republic, the Democratic Republic of the Congo, and Somalia, where we also have our own warehouse, we are experienced in coordinating and operating in complex locations.

UNICEF AFGHANISTAN

B&S supported UNICEF Afghanistan, as well as other UN humanitarian agencies, with warehousing and logistics support services in the country from 2013-2021.

IFRC MEDICINES

Supplying Red Cross + Syrian Red Crescent with 7x containers of freshly produced medicines, undertaking the full funnel process from manufacturing to door-to-door delivery.

ALIMA THERAPEUTIC NUTRITION

Consistently supplying 12 items of therapeutic nutrition including RUTFs, RUSFs, LNS and Infant Formula to Chad, Niger, Nigeria and Cameroon, door-to-door with fresh manufacturing.

NATO VACCINES

Supplying vaccines to NATO personnel around Europe under a 5-year framework agreement with NATO.

CORE ASSISTANCE

WHEN NEEDS ARISE, SPEED MATTERS

B&S assists NGOs to respond quickly when matters are urgent. Our roots going back to 1874; we combine operations in 100+ countries with 2500+ employees on 6 continents to provide you scale, reach, execution and speed in your programmes.

ONE NEED MEANS MANY CAPABILITIES

NGO requirements rarely fall into one category. B&S gives access to 30,000 SKUs and essential services across 8 sectors catered to the NGO. With over 30 years experience serving NGOs, we give your organization a full-end partner to rely on.

DELIVERY NOT FINISHED AT THE PORT

In NGO operations, the real challenge is getting goods & operations to where they are actually needed. B&S covers the full funnel, offering door-to-door delivery, on-ground services, coordination and manpower, right in the field alongside the NGO.

PROGRAMS FASTER THAN PAYMENT

Operational urgency and donor payment cycles do not always align. With 30+ years of financing tenders and a healthy financial position, B&S can offer flexible commercial and payment terms that helps you keep programs moving.

TRUST IS BUILT THROUGH EXECUTION

For NGOs, reliability is not just about supply. It is about compliance, background, documentation and consistency. B&S combines 150+ years of experience with ISO & US-FDA certification across medical, food, warehousing, IT and more.
